Ciao, I am Enzo Stoini but my friends call me Del Fuego (you included now) this simply means "of fireâ€□, or more incorrectly but in the context it is intended "On Fireâ€□ and comes from a phrase that I shall not repeat here, actually you can try to guess if you like it goes along the lines of "My is the of fire!â€□.
I am a New Zealand born Italian, oh and just for the record "Del Fuegoâ€□ and the phrase above is Spanish but that is beside the point I think, apparently Latin is Latin and that is that.
I have been an avid rider of two wheeled contraptions for some time now, my experience ranging from the humble Suzuki FA50 moped to some retro race inspired 400cc 2 smoke motorcycle goodness from the 1980's and of course plenty of modern scooters and motorcycles.

I hope you enjoy my scribbling, feel free to get in touch via the contact info supplied.
